

**SECRET**

20 July 1971

**MEMORANDUM FOR:** Deputy Director for Intelligence  
Deputy Director for Plans  
Deputy Director for Science and  
Technology

**SUBJECT:** DCI Annual Report to the President's  
Foreign Intelligence Advisory Board  
(PFIAB)

1. In the past you and your staff have been most helpful in giving NIPE items to be included in the DCI's annual report to the PFIAB on "Coordination of the Foreign Intelligence Effort." I would appreciate it if you could let me have your contributions again this year.
2. The major headings of the report remain:
  - a. Assessment of the organization and functioning of the United States Intelligence Board and its committees.
  - b. Major problems existing in the coordination of the intelligence community.
  - c. Significant gaps, deficiencies and undesirable duplication of the various U. S. intelligence agencies.
  - d. Specific actions to strengthen the effectiveness of the over-all intelligence effort.
3. Brief summaries of major items are what we need. The cutoff date is flexible but generally speaking I think about the middle of August would be a reasonable time. The emphasis is on giving the Board a picture of what's happened and what's going on rather than

sticking to a rigid date. If you could let us have your contributions by the 1st of September, this would be fine. You may want to review last year's report and I am attaching a copy. Since this is a file copy please let us have it back.

CENTRAL INTELLIGENCE AGENCY

WASHINGTON, D.C. 20505

OFFICE OF THE DIRECTOR

JUL 1971

MEMORANDUM FOR: Admiral George W. Anderson, Jr.  
USN (Ret.)  
Chairman, President's Foreign  
Intelligence Advisory Board

1. I am glad you found the CIA Intelligence Memorandum, *The Soviet Attack Submarine Force: Evolution and Operations*, to be an interesting presentation of the Soviet submarine force.

2. On the question of whether it fully reflects the views and opinions of the Navy, I am sure you know that the intelligence analysts throughout the Community who are concerned with the Soviet Navy form a close-knit group, dealing with one another on an informal basis day in and day out. Monthly meetings take place for these individuals--from ONI, DIA, NSA, CIA and elsewhere--to come together and exchange views and ideas. In this fashion, the CIA analysts were familiar with the views of the Navy analysts and took them into account in the preparation of the Intelligence Memorandum. We are not aware of any significant differences of opinion on the part of the Navy analysts and believe there are none.

3. Your point on including a table showing submarine construction of each type by year is well taken and I have passed it along to the producing office.
